

The Long Hike

It was my first time
My first hike
Birds were chirping
The wind blowing
I loved it!
I started to climb with my father
The beautiful mountain

As I got close to the top
A snake slithered by
Very scary!

My dad just walked by
Told me not to worry
To just walk past it
So I did

When we got to the top
It was nightfall
I stared at the moon
So bright in the sky

I was proud to make it to the top
The wind blew through my body
I listened to the wilderness call
I came upon a flower
Fully bloomed and so white
I picked it up
Went home and gave it to my mom!
